

What is White Power?

White Power is an empowering philosophy of White racial nationalism and ethnicity. It refers to a diverse range of philosophies from leftist White racism to National Socialism. Perhaps the simplest imperative about what White Power stands for exists in the "14 words" coined by former Bruder Schweigen member, David Lane:

"We must secure the existence of our people and a future for White children."

In the eyes of non-racialists, White Power is the modern embodiment of the so-called evils of the NSDAP and its belief in the superiority of the "White" or "Aryan" race over the Jews, Blacks, muslims, hindus, sikhs and others whom are to blame for the woes of modern society.
